- 3. Explain unusual entries and discrepancies on pages containing space for remarks or referenced supplemental pages.
- 4. If the space provided is insufficient, insert and number additional pages. You may use photocopies or computer-generated pages. For example, if you need to add pages to report your wire miles on page 13, number the pages 13A, 13B, 13C, etc.
- 6. If requested information has already been created, you may substitute copies of that information.

Include the following additional reports: the annual report to partners and stockholders, operating and financial year-end company report, annual report to the Federal Communications Commission or the Public Utilities Commission of Idaho, or the annual report to the Securities and Exchange Commission.
- 9. If you elect the qualified property exemption in lieu of investment tax credit, you must complete page 4.

If you have any questions about completing this form, please call our office at (208) 334-7722.
